PLACING AN ORDER

Bertch Cabinet, LLC, accepts orders 24 hours a day via email or fax. Orders may be placed using the Bertch Kitchen+ order form or submitting the 2020 Design order form. You can print orders and fax to: **800-973-1200** or you can PDF orders and email to: **bertchkitchenplus@masterbrand.com**

For questions regarding placing an order, contact your sales representative or **Kitchen+ Dealer Services at 319-268-2592**.

Monday-Thursday 8:00am-5:00pm, Friday 8:00am-4:00pm Central time zone.

BERTCH KITCHEN+ ORDER FORM

A fillable order form can be found on Bertch InfoNet, Kitchen+/Elan, Forms. It also can be found in the Forms tab in the catalog. Make sure the order form is as complete as possible when submitting, as to not delay the order entry process. Please include the floor plan, elevation drawings, Product Awareness Form, Appliance Specification Form, and Job Site Delivery Form with your order.

2020 DESIGN ORDER FORM

Submit the completed first page of the Bertch Kitchen+ order form along with the 2020 Design floor plan, elevations and order form. To find the 2020 Order Form go to: Presentation, Reports, Order Form. Set the sort order as Wall/Base/Tall and set Nomenclature as User Codes & Descriptions. This report contains the most detail, especially with modifications and dimension changes. Please include the floor plan, elevation drawings, Product Awareness Form, Appliance Specification Form, and Job Site Delivery Form with your order.

STANDARD ORDERS

For current lead times, reference InfoNet for up to the minute information. Go to: www.bertch.com, For Pro's, (upper right corner) Dealer Log In. Standard orders will receive 2 days to look the order over for corrections/changes after the acknowledgment has been sent. Changes after 2 business days (M-F) will be subject to a change fee depending on the stage of production the order is in. Order Forms are located in the form section of the catalog or on the Bertch InfoNet.

JOB COMPLETION ORDERS

Job Completion orders will not have the option of changes or cancellations due to their rush status.

Level 1: 20% Up-Charge

Orders to complete an original order. To be eligible for **Level 1** the list price of the order can not exceed **\$1,159**. Lead time is approximately **9-13 calendar days** and shipped UPS at Dealer's expense or next available SCB truck if too large to ship UPS. Alternate Commercial Carrier arrangements may be made at Dealer's expense. Order forms are located in the Form section of the catalog or on the Bertch InfoNet.

Level 2: Orders to complete an original order. To be eligible for **Level 2** the list price of the order can not exceed **\$6,235**.

Lead time is approximately 3-4 weeks and shipped UPS at Dealer's expense or next available SCB truck if too large to ship UPS. Alternate Commercial Carrier arrangements may be made at Dealer's expense. Order forms are located in the Form section of the catalog or on the Bertch InfoNet.

WARRANTY/REPLACEMENT ORDERS

Orders for product due to a Bertch issue. Refer to Warranty for Details. (Located on page P5) Completed in **8 calendar days** and shipped UPS or next available SCB truck if too large to ship UPS. Alternate Commercial Carrier arrangements may be made at Dealer's expense. Replacement orders exceeding **\$935 list** require field inspection and authorization by a Bertch Sales Representative. Items in this category must be returned to Bertch for credit. Order forms are located in the Form section of the catalog or on the Bertch InfoNet.

ORDER PROCESSING

Bertch Cabinet, LLC, processes orders on a first in/first processed basis. If your order is not complete at the time of submission, this can delay the order entry process. Once we receive your order, we will send you a notification that your order has been received. If you do not receive this notification within 2 business days, consider that we did not receive the order and contact **Kitchen+ Dealer Services at 319-268-2592**.

Bertch Dealer Services strives to get your order acknowledgments back to you as soon as possible. Once you receive your order acknowledgment, you will have 2 business days (Monday-Friday) to review and make any no charge corrections or changes.

ORDER CHANGES/CANCELLATIONS

Order changes or cancellations are at the discretion of Bertch Cabinet, LLC. Charges for changes will be based on the stage of production at the time the change is requested. When you receive your acknowledgment, look at the bottom of your order and you will see a NCC Date (No Charge Change Date). This will be the date that you can make changes or corrections to the order without any additional charge. Changes after 2 business days (M-F) will be subject to a change fee depending on the stage of production the order is in. Amount of the charge will be dependent on where the order is in production. If the majority of an order is being changed before the NCC date, there may be an additional charge and/or the delivery date may be changed. If the order has been processed and then canceled there may be a **cancellation fee of \$489 list** whether the order has been acknowledged or not.

DELIVERY

All cabinets are cartoned for delivery. Shipments will be made on SCB trucks whenever possible, providing the delivery point is within our operating range. Common carrier or other methods may be used in unusual circumstances. It is the Dealer's responsibility to provide personnel to assist the driver in unloading cabinets from the truck. If a delivery of Bertch's combined product is less than six cabinets, there will be a \$180.00 list drop charge. If any order has less than six cabinets the \$180.00 will be added to the order and removed at invoicing if a combined total of six or more cabinets have been shipped. If a job site delivery is requested, our job site form must be filled out and sent in with order and map or instructions. **A job site delivery is \$950 list.**

DEFECTIVE MATERIAL:**Doors:**

Doors that are warped 1/4" or less must be allowed to hang through one heating cycle before a no charge replacement will be considered. Some doors may warp slightly after installation (due to high or low humidity levels). The door will usually return to its normal flat position after going through the heating cycle. Please be certain the door is warped rather than the cabinet being racked out of square.

Cabinets or Parts:

Cabinets or parts that are defective will be replaced on a rush basis. Replacement orders exceeding \$935 list price require field inspection and signed authorization by our Bertch Sales Representative, and original cabinets or parts must be returned to Bertch for credit.

Finish:

Complaints concerning finish must be inspected by a field representative. Bertch reserves the option of approving a field repair or returning the cabinet or part to the factory for repair or replacement. No action may be taken without factory authorization. Exposure to smoke or extreme sunlight will alter the original appearance. Slight variations in grain and color are not considered defects, as this is the natural character and warmth of wood.

PRICING DISCREPANCY

Bertch Cabinet, LLC, strives to ensure that all pricing programs are accurate and identical. In the event a pricing discrepancy occurs between 2020 Design and the Kitchen+ catalog, use the current Kitchen+ catalog as the rule. **The Kitchen+ catalog supersedes all pricing programs.**

RETURN POLICY

Bertch Cabinet, LLC, products are manufactured specifically per customer request. Bertch does not accept returns due to customer errors or if the customer changes their mind. If your order is damaged or defective, please refer to those sections of the catalog or refer to our Bertch Cabinet, LLC. Limited Lifetime Warranty. In the case of a Return, the product needs to be cartoned using the original carton. A label and RGA paperwork will be mailed to you. Placed the label on the outside of the carton and have the driver sign your RGA paperwork.

PRODUCT IMPROVEMENTS

Product modifications and improvements are part of the ongoing operating philosophy at Bertch. We reserve the right to improve/modify product at any time.

LIMITED LIFETIME WARRANTY (Residential Purchaser)

MasterBrand Cabinets LLC (“We” or “Us”) extends the following limited lifetime warranty (“**Limited Warranty**”) to the first Residential Purchaser (“You” or “Your”) of a cabinet or cast polymer product manufactured by Us (each, a “**Product**”). This Limited Warranty is only applicable to Products sold to the first Residential Purchaser and used in the applications described below within the United States, Canada, and/or Mexico. Except as allowed below or by applicable law, You may not assign or transfer this Limited Warranty.

WHO IS A RESIDENTIAL PURCHASER?

Under this Limited Warranty, a “Residential Purchaser” means any of the following:

- a person who purchases and installs the Product in a dwelling that is owned and used by that person as a primary or secondary home;
- any person or business such as a builder, contractor or developer that purchases and installs the Product in a newly constructed or remodeled dwelling that will be used by the initial owner/purchaser of that dwelling as a primary or secondary home. In such situation, this Limited Warranty may be assigned to the initial owner/purchaser who uses the dwelling as a primary or secondary home. In such circumstances, this Limited Warranty may be assigned to the initial owner/purchaser who uses the dwelling as a primary or secondary home. Under this Limited Warranty, a primary or secondary home does not include rental property, or homes used for vacation rental properties, even on a part-time basis (e.g., AirBNB, VRBO, etc.). This Limited Warranty does not apply to landlords, leasing companies or other commercial purchasers (See Commercial Warranty); or
- a consumer subject to the Quebec Consumer Protection Act.

WHAT DOES THIS LIMITED WARRANTY COVER?

Subject to the exclusions and limitations set forth in this Limited Warranty, We warrant to You that each Product will be free from defects in material and workmanship, under normal use and maintenance, for the applicable warranty period stated below. This warranty gives You specific legal rights, and You may have other rights which vary from State to State or Province to Province.

WHAT IS THE WARRANTY PERIOD APPLICABLE TO RESIDENTIAL PURCHASERS?

The warranty period for Your Product (excluding certain components discussed in the following paragraph) begins on the date the Product was purchased, whether purchased by You or by a third party on Your behalf. Your warranty is only valid if you use the dwelling as your primary or secondary home and does not extend to future owners if the property is sold.

Notwithstanding the preceding paragraph, the warranty periods applicable to the following Product components that were not originally manufactured by Us are as follows:

- Vent Hoods, Blowers, and components: 1 year from the date of original purchase
- Lighting, Electronic, and Powered components: 2 years from the date of original purchase.
- Decorative Hardware: 1 year from the date of original purchase.

DISCLAIMER OF OTHER WARRANTIES:

IF YOU ARE A CONSUMER SUBJECT TO THE QUEBEC CONSUMER PROTECTION ACT, THE EXCLUSION OF WARRANTIES CONTAINED IN THE IMMEDIATELY FOLLOWING PARAGRAPH DO NOT LIMIT YOUR RIGHTS AND REMEDIES UNDER SUCH ACT, INCLUDING THE RIGHT TO MAKE A CLAIM UNDER ANY OF THE STATUTORY WARRANTIES PROVIDED UNDER SECTIONS 34 TO 54 OF SUCH ACT. CERTAIN OTHER STATES OR PROVINCES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE BELOW LIMITATION MAY NOT APPLY TO YOU.

THIS LIMITED WARRANTY IS OUR SOLE AND EXCLUSIVE WARRANTY WITH RESPECT TO THE PRODUCTS. ALL IMPLIED WARRANTIES ARE STRICTLY LIMITED TO THE DURATION OF THE LIMITED WARRANTY APPLICABLE TO THE PRODUCT AS STATED ABOVE, INCLUDING BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE.

WHAT THIS LIMITED WARRANTY DOES NOT COVER:

The Limited Warranty does not apply to any Product:

1. installed or used outdoors;
2. used for purposes for which it is not designed or intended by Us;
3. which has been subjected to misuse, vandalism, abuse, negligence, accident, or unauthorized modifications;
4. which has been improperly stored (if the Product must be stored, it should be covered and stored in a humidity and temperature controlled environment, away from direct sunlight);
5. which has been improperly installed, cleaned, or maintained (for more information regarding the proper use and care of the Product, please consult the applicable Use and Care Instructions that accompanied the Product or that can be found at www.bertch.com/warranty;
6. which has been subjected to improper temperature, moisture and/or humidity extremes (temperature outside the range of 50-85°F (10-29°C) and humidity outside the range of 30-55% are considered extreme);
7. damaged by fire, flood, acts of God, or other external causes beyond our control;
8. varying in color and characteristics due to age, sunlight, smoke, or other environmental conditions;
9. exhibiting any effects on the color and/or integrity of the finish or appearance due to the use of abrasive cleaners, cleaners that contain chlorine, acidic cleaners, scuffing sponges or steel wool;
10. which has been subjected to weight in excess of 15 pounds for square foot for shelves and all load bearing surfaces;
11. which has been purchased or sold as salvage goods or products by any individual or entity;
12. exhibiting warping that occurs after the first 365 days from the date of purchase;
13. which has been subjected to direct contact with a liquid for an unreasonable period of time (i.e., bath or kitchen sink water not being wiped off when direct contact occurs);
14. which has been subjected to excessive heat and/or steam;
15. for which You have received a full refund from any person or entity other than Us; and/or
16. exhibiting normal wear and tear.

In addition, natural woods may vary in color and characteristics and exhibit subtle changes as they age. For example, painted doors, drawer fronts, and face frames may eventually have visible cracking around the joint area, and cabinet colors may darken or lighten over time. Further, natural wood and finishes will have "character" spots (knots, burl, blemish, flecking, etc.) which could impact hardware placement. Knots, if they appear, will be sound and closed. At certain angles, light may be visible through a knot. Flecking, a visual characteristic that may appear based on the cellular composition of wood when cut, is based on the natural and unpredictable characteristics of raw material. These variations and features are considered to be the nature of the material in relation to their environmental exposure and are not covered under this Limited Warranty.

All solid and composite wood used in our Product is processed to a moisture content that is resistant to insect infestation. The manufacturing process for veneer and engineered wood products is followed to effectively eliminate insects from manufactured panels and structural composite lumber products. Please note that it is possible for infestation to occur after manufacturing whether in storage or after installation due to environmental conditions. As set forth above, this Limited Warranty does not cover environmental conditions, such as excessive humidity during storage or the infestation of powder post beetles, termites, etc., once the product leaves our facility. In any new construction or remodel, a home may be exposed to the elements, and it is the homeowner's responsibility to take preventative measures to avoid infestation subsequent to delivery of our Product.

SOLE AND EXCLUSIVE REMEDY:

In the event of a defect in the workmanship or materials of a Product or Product component occurring during the warranty period described above, We will, at our option, repair or replace any defective Product or Product component. If We determine, at our sole discretion, it is not commercially feasible to repair or replace a defective Product or Product component, We may refund the original price paid by You for the defective Product or Product component, or provide a credit towards a similar type of product sold by Us. The foregoing are Your sole and exclusive remedies for any Product defect or non-conformity. By way of example but not limitation, the following costs and expenses are not covered by this Limited Warranty: (1) labor costs for the original installation, removal, or reinstallation of the Product, or defective part thereof; (2) labor costs or material charges for the removal, reinstallation, repainting, refinishing or replacement of any other items or building materials which must be removed, replaced, reinstalled, or refinished in order to repair or replace the defective Product or component. For example, costs associated with the following will not be reimbursed: counters, sinks, tiles, flooring, accessories, appliances or plumbing fixtures. When a timely claim for warpage, joint separation or wood growth is submitted, We may, at our option and after inspection, defer action for up to 12 months to allow the Product to acclimate to the installed environment. Additional information regarding warping can be found at www.bertch.com. Further, We reserve the right to modify or alter any Product design, specifications or materials without obligation to make similar changes to Products previously manufactured or sold by Us.

The repair or replacement remedies offered by Us under this Limited Warranty are contingent on the current Product offerings of styles and construction options within our Product line at the time a warranty claim is made by You. If a valid warranty claim is filed for an obsolete Product, We reserve the right, at our sole option, to honor its repair or replacement obligations under this Limited Warranty by either: (1) replacing the affected Product or component with a new Product or component of the same or approximate style or color from our current Product line or offerings; or (2) replacing the affected Product or component to achieve a uniform appearance with a similar or comparable product style or approximate color of the originally purchased style. If a Product or components are replaced or repaired, We cannot guarantee an exact match with the finish or appearance of other products or fixtures installed at Your dwelling. This is due to changes that may occur during the Products' natural aging process, affecting its color and/or grain.

EXPECTATIONS OF PURCHASER:

We expect that You will promptly inspect all Product and promptly inform Us of any defects in the workmanship or materials of a Product or Product component. We also expect that You will cooperate with and accommodate all reasonable requests by Us to investigate and evaluate any claim made pursuant to this Limited Warranty, including requests to allow Us to inspect and/or test the Product.

LIMITATION OF LIABILITY:

If You are a consumer subject to the Quebec Consumer Protection Act, the limitations of liability contained in the immediately following paragraph do not release Us from the consequences of our own actions or the actions of our representatives. Certain other States and Provinces do not allow the exclusion or limitation of incidental or consequential damages, so the below limitation or exclusion may not apply to You.

The remedies described above are Your sole and exclusive remedies and our entire liability for any breach of this Limited Warranty. Our total liability shall under no circumstances exceed the actual amount paid by You for the defective product. Further, We shall not under any circumstances be liable for any consequential, indirect, incidental, special or punitive damages or losses (including but not limited to lost profits and alleged damages for delay, inconvenience, or emotional distress), even if this Limited Warranty is deemed to have failed of its essential purpose.

HOW DO YOU OBTAIN WARRANTY SERVICE?

This Limited Warranty can also be found online at www.bertch.com/warranty. To obtain more information regarding the Product or to make a claim under this Limited Warranty, contact one of our authorized dealers or distributors, who will arrange for inspection of the Product. A dated sales receipt as proof of purchase is required to obtain benefits from this Limited Warranty. If you have difficulty obtaining assistance, please write to:

STANDARD CONSTRUCTION:

- **Cabinet Sides** are 1/2" thick plywood, fastened to the face frame with tongue and groove construction.
- **Top and Bottom** are 1/2" thick furniture board, dadoed into the sides, face frame and hanger rails.
- **Shelves** are 3/4" thick furniture board with PVC edge banding on front edge. Adjustable in 32mm increments.
- **Cabinet Interior** is a durable and smooth, natural Maple Woodgrain Laminate unless a Finished Interior is specified.
- **Cabinet Back** is 1/8" thick plywood on bases and tall. 1/2" thick plywood on wall cabinets.
- **Toe Space** is 4-1/2" high x 3-3/16" deep. 8' lengths of finished plywood toe board are supplied and included.
- **Cabinet Face Frame** is 1-1/2" wide by 3/4" thick solid wood.
- **Drawer Box and Roll Trays** are 5/8" thick solid wood, dovetailed at all four corners, sanded smooth and finished natural. Bottoms are 1/4" thick plywood, dadoed into the sides.
- **Drawer and Roll Tray Glides** are full extension, under mount glides with soft-close and self-close feature, with an easy release mechanism and three-way adjustability.
- **Hinges** are a soft-closing, self-closing concealed hinge.

ALL PLYWOOD CONSTRUCTION:

- **Cabinet Sides** are 1/2" thick plywood, fastened to the face frame with tongue and groove construction.
- **Top and Bottom** are 1/2" thick plywood, dadoed into the sides, face frame and hanger rails.
- **Shelves** are 3/4" thick plywood with wood edgebanding on front edge. Adjustable in 32mm increments.
- **Cabinet Interior** is a durable and smooth, natural Birch Veneer unless a Finished Interior is specified.
- **Cabinet Back** is 1/4" thick plywood on bases and tall. 1/2" thick plywood on wall cabinets.
- **Toe Space** is 4-1/2" high x 3-3/16" deep. 8' lengths of finished plywood toe board are supplied and included.
- **Cabinet Face Frame** is 1-1/2" wide by 3/4" thick solid wood.
- **Drawer Box and Roll Trays** are 5/8" thick solid wood, dovetailed at all four corners, sanded smooth and finished natural. Bottoms are 1/4" thick plywood, dadoed into the sides.
- **Drawer and Roll Tray Glides** are full extension, under mount glides with soft-close and self-close feature, with an easy release mechanism and three-way adjustability.
- **Hinges** are a soft-closing, self-closing concealed hinge.

STANDARD CONSTRUCTION N/C

ALL PLYWOOD CONSTRUCTION 10%

PLYWOOD SHELVES (ONLY) 5%

STANDARD HINGE:

Soft-close mechanism is integrated into the hinge for Full Overlay, Standard Overlay and Concealed Inset hinges (not available for inset decorative barrel hinges.) The hinge includes a "switch" to turn the soft-close feature on or off. The soft-close mechanism is not available for the following cabinetry: square corner wall and base cabinets and tip down drawer fronts.

**STAIN FINISHES:**

Cabinets are hand-sanded before a penetrating grain stain is applied and hand-wiped. A catalyzed sealer, which is a blend of alkyd, amino and vinyl resins, is sprayed over the surface and oven-cured. The sealer penetrates the wood providing a "link" between the stain and the topcoat. The sealer is then sanded and prepared for the topcoat application. The final coating is a catalyzed, conversion varnish which is a carefully formulated combination of alkyd and amino resins. After spray application the topcoat is oven-cured to create an exceptionally smooth, clear and durable finish with superior moisture and chemical resistance.

PAINT FINISHES:

Full coverage, opaque enamel, painted finishes are available on "Paintable" species for a smooth, stable surface. Cabinetry parts and doors are sanded and filled and then two coats of enamel paint are applied and oven cured. Sanding and filling between coats to ensure excellent coverage and a smooth, durable surface. Paint finishes have natural characteristics that should be reviewed with your customer. Wood naturally expands and contracts with seasonal changes in humidity. This normal movement can be more apparent with paint finishes, with joints possibly showing a seam or hairline crack. This is a natural characteristic of paint finishes and should not be considered reason for replacement.

DOOR/DRAWER SIZING

FRAME REVEALS

Wall Units

Wall cabinets have a 1-1/4" reveal on top and 1/4" reveal on both sides and bottom.

Base Units

Base cabinets have a 7/8" reveal on top and bottom, 1/4" reveal on both sides and between doors and drawers.

CORNER APPLICATIONS

Blind cabinets have appropriate reveals and do not need to be pulled from the corner. Cabinet can be pulled from the corner if additional clearance is needed. A filler is recommended for the adjacent cabinet for proper function.

Incorrect

A filler is needed for the adjacent cabinet. Doors and hardware are occupying the same space. Watch your clearances.

Correct

A filler allows proper operating clearance for doors and drawers. Corner overlay fillers are available to dress out the space left on the face.

Wall cabinets are shown at standard height. When height is changed, + indicates which section changes.

Tall cabinets are shown at 84". For other heights (i.e. 90", 93" 96", 102", 108", 120") the upper section changes by amount of height increase. When height is changed, + indicates which section changes.

DOOR/DRAWER SIZING**FRAME REVEALS****Wall Units**

Wall cabinets are designed to leave 1-1/4" of the frame revealed on the top and bottom and 1" reveal on both sides.

**Base Units**

Base cabinets are designed to leave 1-1/4" of the frame revealed on the top and bottom and 1" reveal on both sides.

**CORNER APPLICATIONS**

Blind cabinets have appropriate reveals and do not need to be pulled from the corner. Cabinet can be pulled from the corner if additional clearance is needed. A filler is recommended for the adjacent cabinet for proper function.

Caution

A filler is needed for the adjacent cabinet. Doors and hardware are occupying the same space. Watch your clearances.

**Recommended**

A filler allows proper operating clearance for doors and drawers.

Wall cabinets are shown at standard height. When height is changed, + indicates which section changes.

Tall cabinets are shown at 84". For other heights (i.e. 90", 93", 96", 102", 108", 120") the upper section changes by amount of height increase. When height is changed, + indicates which section changes.

Inset Cabinetry utilizes a traditional framed cabinet with the doors and drawer fronts “inset” inside the face frame.

The top drawer for some door styles may be Solid. See individual door style descriptions for sizing information. 9” wide cabinets will default to a Solid door.

Door edge profile will be SR.

Mitered & wood slab door styles are not available in Inset. See individual door descriptions for Inset availability.

Inset Frame

Add 15%

Beaded Inset Frame

Add 15%

FRAME REVEALS

Wall Units

Wall cabinets are designed to show the entire frame of the cabinet as the doors are inset inside the face frame.

Base Units

Base cabinets are designed to show the entire frame of the cabinet as the doors and drawer fronts are inset inside the face frame.

HINGE OPTIONS:

Concealed Inset Hinge

The standard Inset hinge is a concealed clip hinge with soft-close and three-way adjustability.

Inset Exposed Hinge

This hinge is a free-swinging hinge with neither a self-close nor a soft-close feature. A magnet is attached to the back of the door and a corresponding metal strike plate is attached to the cabinet to both serve as a stop and to hold the door in the closed position. The magnet and strike plate are always positioned near the stile of the cabinet on the opposite side of the hinge. The full inset exposed hinge is available in 6 finishes:

- AB - Antique Brass**
- CB - Champagne Bronze**
- GC - Golden Champagne**
- BM - Black Matte**
- ORB - Oil Rubbed Bronze**
- SN - Satin Nickel**

CORNER APPLICATION:

Blind cabinets do not need to be pulled from the corner. See drawing below. If additional clearance is needed, cabinet can be pulled. This allows a 1-1/2" x 1-1/2" space in the corner for proper clearances. A filler can be used if needed.

Wall cabinets are shown at standard height. When height is changed, + indicates which section changes.

Tall cabinets are shown at 84". For other heights (i.e. 90", 93", 96", 102", 108", 120") the upper section changes by amount of height increase. When height is changed, + indicates which section changes.

Glaze ½ Door Sample Approval	\$227

• Included in color chip set.

* Glaze finishes are available with soft glaze, full glaze or brushed glaze. Specify glaze color and application (i.e. Black Brushed Glaze). A half door sample (\$227) is required to be approved by the customer before ordering product.

** All rustic woods need a Product Awareness Form. (Located in the forms section of the catalog.)

Go to www.bertch.com to see all combinations of woods and finishes.

WIPING STAINS

UNFINISHED: Painted/Stained 5% Credit

CUSTOM WIPING STAIN: Submit Custom Finish Match Order Form with finish sample to be matched. Add 2% plus one time fee of \$886. Additional lead time. APPROVED HALF DOOR SAMPLE REQUIRED.

Use assigned Custom Finish number when ordering. Custom finish sample is good for 9 months.

PAINT

CUSTOM PAINT: Paint Match to Sherwin Williams or Benjamin Moore. Submit Custom Finish Match Order Form. 15% + One Time Set Up Fee \$886. Additional lead time. APPROVED COLOR CHIP REQUIRED.

Paint Match will be supplied on a color chip within 2 weeks. Assigned custom paint number, will be used when ordering. Color Sample is good for 9 months.

FINISH SHEEN

STAIN:

Semi Gloss: A medium luster that enhances the wood grain and color. 35°

Matte: A flat, no-gloss finish that creates a soft, rich appearance. 15°

PAINT: A satin, finish that creates a soft blend between semi-gloss or matte sheen. 20°

Go to www.bertch.com to see all combinations of woods and finishes.

GLAZE COLOR

Black

Brown

Grey

**CUSTOM GLAZE
COLOR:**
Add 17% plus one time fee
of \$886. Specify Soft, Full or
Brushed application.
Additional lead time.
**Approved door sample
required.**

GLAZE APPLICATION

Soft 10%
Subtle glaze wiped-on
profiles and edges.

Full 10%
All over even-toned wiped
on glaze, profiles and edges
accentuated.

Brushed 15%
All over wiped on Glaze
with subtle brush strokes,
less even toned, profiles and
edges accentuated.

BERTCH COLOR MATCH

For Bertch Colors offered over 1 year old.

STAIN2% plus \$227 set-up fee

PAINT 12% plus \$227 set-up fee

Color match will be provided on a half door for approval.

Color sample is good for 9 months.

CUSTOM FINISH

Custom Stain, Custom Paint or Custom Multi-Step finish with sample provided for matching.

Color match will be provided on a half door for approval.

\$886 Set Up Fee + Additional Custom Up-Charge.

Submit Custom Finish Match Order Form.

Assigned custom finish number, will be used when ordering.

Color sample is good for 9 months.

Go to www.bertch.com to see all combinations of woods and finishes.

**NICKS & DENTS**

Small, random nicks, dents and dings in the wood substrate.

**BIRD PECKING**

Small randomly grouped holes, simulation bird pecking.

**SCREWMARKS**

Random screw impressions on the wood showing thread marks.

**WORN CORNERS
(ADD 5%)**

Profiles and corners are sanded down to remove the crisp new looking profiles.

**RASPING
(ADD 5%)**

Wood material is removed with a hand rasp to create a coarse, used appearance.

**RUBTHROUGH
(ADD 10%)**

Sanding through a layer of finish coating to expose another finish layer or wood substrate. Matte or Semi Gloss finish.

**CRACKS
(ADD 10%)**

Random, simulated cracks and splits.

**GOUGES
(ADD 10%)**

Large, deep area where the wood is removed (deeper and wider than "cracks").

**WORMHOLING
(ADD 10%)**

Closely grouped holes with beaten grain.

PRICING: Choose as many or as few wood traits as you want. The highest up-charge will apply once for all that is chosen.

EXAMPLES:

Order for 1, 4.....5% Up-charge
 Order for 1, 2, 3.....No Up-charge
 Order for 1, 4, 5.....5% Up-charge
 Order for 1, 4, 5, 6, 9,10.....10% Up-charge

APPROVED DOOR SAMPLE REQUIRED

Go to www.berth.com to see all combinations of woods and finishes.

**ALDER (ADD 5%), RUSTIC ALDER, SELECT ALDER (ADD 10%)**

A fine-grained hardwood similar to Cherry, Birch, and Maple. Pale yellow (tan) to reddish brown in color. A soft, light wood with even texture and straight grain that accepts stain well. Characteristics include random sized tight knots and rays.

**BIRCH**

White Birch, medium hardwood, similar to Maple but not as consistent in color as Maple, good base for solid color finishes, accepts stain unevenly; mottles. Mottling is a blotchy appearance evident due to various densities in the wood. Not recommended for darker stains. Off white color, medium density, fine texture, straight grain.

**CHERRY (ADD 15%)**

Darkens with age at a very fast rate, pitch marks (worm holes), mineral streaks, medium hardwood, accepts stain well. Cherry is especially sensitive to light. Light will cause the wood to darken/redden significantly. Medium reddish brown color, medium density, fine texture, straight grain. Sap wood of up to 20% is standard on any cherry component.

**HICKORY, RUSTIC HICKORY (ADD 10%)**

A strong solid heavy wood with open grain that is known for its light to dark contrast in color. Cabinet components may range from a light, almost white, sapwood to a deep, reddish-brown color. The blend of light and dark wood is highlighted when finished in a natural or light stain; darker stains will mildly tone the color variations.

**MAPLE (ADD 8%)**

Hardwood, fine, tight grain, looks best with light, natural, or solid color finishes, yellows slightly with age. Not recommended for darker stains. Cream color, hard density, fine texture, straight grain.

**OAK (RED), QUARTER SAWN RED OAK (ADD 12%)**

Hardwood, open grain, accepts stain well, will darken slightly with age, grain pattern very evident when a solid color finish is applied. May vary in color from light to dark with possible shades of green.

**PAINTABLE**

"Paintable" wood species is recommended for a smooth, stable surface and will be used for paint finishes. "Paintable" is a combination of Premium-Grade HDF and/or Paint-Grade Maple, for the best possible painted surface.

**WALNUT (ADD 25%)**

Hardwood, dense, defined grain patterns, lightens with age and exposure to sunlight, best with a dark or natural finish. Dark brown color, medium hard density, medium texture, straight to irregular grain, premiere U.S. furniture wood.

**RUSTIC WOODS**

Solid wood will have character marks such as large knots and wane. Other characteristics include: small pin knots, bird pecks, worm tracks, mineral stain, irregular figures in the grain, cracks that do not hurt the strength of the part, sap wood and cherry pitch marks. Tri-Views, Oval Mirror and Medicine Cabinet, Wood Tops, Frieze Valances, scribe and outside corner molding will not be rustic. Rustic Hickory shown in photo.

**OTHER WOOD SPECIES**

Bertch will quote other wood species. Submit a quote request for pricing and availability. Additional lead time is required.

DESIGN NOTES: Height modifications affect the upper section only unless otherwise specified.

WALL CABINETS

WALL WITH LIFT UP APPLIANCE GARAGE 48" & 54" HIGH

- 2 Adjustable Shelves
- Butt door cabinets have single lift door with two vertical grain panels.
- Minimum cabinet depth: 12"
- Usable interior width is opening width less 3"
- Aventos HL Hardware
- Cabinet depth will need to increase to 12-3/4" or greater for INSET styles

SINGLE DOOR

- Specify Hinge (L or R)
- 18"W - 24-1"W

BUTT DOORS

24-2"W - 36"W

Side View

WALL CORNER CABINETS

PENINSULA BLIND CORNER WALL

- On Single Door Cabinets the Door is Hinged on the Blind Side.
- Specify Which Side is Blind Left (BL) or Right (BR). Shown BR.
- Blind cabinets do not need to be pulled from the corner. See drawing below. If additional clearance is needed, cabinet can be pulled. A filler is recommended (for Full Overlay and Overlay) for the adjacent cabinet for proper function.

WOOD HOODS

WOOD HOOD BOX STYLE (WHBX)

- Hoods are available in standard wood species only.
- Box hoods are available in 2 depths. 23-3/8"D hood use "Professional Series" blower.
- For paneled hoods, Insert Panels will match the door style.
- Vent-A-Hood liner and blower is included and shipped loose. See liner/blower chart on page 400-11 for detailed specs.
- Modifications are limited. Call for availability and quote.
- Dealer is responsible for compliance with local building codes (ventilation, installation, clearances and liner width). As a guideline, hoods are recommended for installation 30" above cooking surface, and liner width should be same width or wider than cooking surface.

WOOD HOODS

WOOD HOODS

- Hoods are available in standard wood species only.
- Vent-A-Hood liner and blower is included and shipped loose. See liner/blower chart on page 400-11 for detailed specs.
- Modifications are limited. Call for availability and quote.
- Dealer is responsible for compliance with local building codes (ventilation, installation, clearances and liner width). As a guideline, hoods are recommended for installation 30" above cooking surface, and liner width should be same width or wider than cooking surface.

CREATE A HEARTH

Create A Hearths are designed as a free standing Hearth.

Use the **Create A Hearth** order form in the forms section of the catalog.

The next page has an example of the order form to create the hood pictured to the right.

- Step 1.** Locate the **Hearth Size & Price** from the chart below.
- Step 2.** Specify the **Hood Style**.
- Step 3.** Specify the **Platform Style**.
- Step 4.** Specify the **Tower Style** for the left side and the right side.
(You can choose the same for both sides or each side can be a different style.)
- Step 5.** Specify Liner/Blower.

Add all pricing together to get your final price.
(Remember to add all premiums to price, such as wood premiums, finish premiums etc.)

Note: Before ordering a "Create A Wood Hearth" dealer must verify compliance with local building codes for ventilation, installation, and clearance.

Example Shown: CAH-7260, Traditional Style

ADDITIONAL LEAD TIME MAY BE NEEDED.
CALL CUSTOMER SERVICE FOR LEAD TIME.

CORBEL STYLE:

Design Note: Corbals only available in Cherry, Maple or Oak.

SIZE: 60" TALL	PRICE	SIZE: 72" TALL	PRICE	SIZE: 84" TALL	PRICE	LINER/BLOWER

* 300 CFM blower is available for units D, E, G, H, I, J, K for No Charge/No Credit. Specify 300CFM after the code.

- Liner and Blower can be omitted and credit applied. Specify "omit liner/blower".
- Hoods are designed and sized for use with a specific Vent-A-Hood Liner/Blower. The Liner is stainless steel with LED lights. The liner/blower is included in the price of the hood and shipped loose for jobsite installation.
- Dealers are responsible for verifying compliance with local building codes (ventilation requirements, installation and clearances). Refer to appliance specifications for required mounting height. A liner should never be narrower than the appliance it covers. Depth of liner should fully cover all burners.
- Vent-A-Hood Liners are shipped complete with an inner canopy, LED lights, blowers, and switches and are pre-wired, pre-assembled and ready to install.
- The standard ventilation of the BHSLD model is intended for use over standard cooking equipment. (See Liners A-F in chart.) The extra size and blower capacity of the BHPSLD model can be used above professional-style cooking equipment (See Liners H-L in chart.)
- 300 CFM units are a single blower system (B100). 300/600 CFM units are a dual blower system (B200). 300/600/900 CFM units include a single blower (B100) and a dual speed blower (B200). (Dual blower is on the left.) 300/600/900/1200 CFM units include two, dual blowers (2-B200).
- For more information, refer to the Vent-A-Hood website.
www.ventahood.com
- Consult with a qualified HVAC professional to determine if air-makeup is required with the blower unit specified

DECREASE DIMENSIONS

- Most cabinets can be decreased in height, width or depth for no charge.
- Specify the next larger cabinet size and specify the dimension(s) to be decreased.
- See door style section for individual door/drawer front sizing.

Example: B36
DW Width: 35"

Minimum cabinet width: 9"

Minimum cabinet depth (with drawer): 12"

Minimum cabinet depth (without drawer): 4-1/2"

Cabinets with decreased depth are supplied with standard depth drawers & guides only.
(21", 18", 15", 12", 9" deep drawer box.)

Minimum height of wall cabinet: 12"

Minimum height of base cabinet without a drawer: 16-1/2"

Minimum height of 1-drawer base: 10-5/8"

Minimum height of 2-drawer base: 15-1/8"

Minimum height of 3-drawer base: 19-3/4"

Minimum height of 4-drawer base: 24-1/4"

Wall and Tall cabinets with decreased height under 21" will have no shelves.

ITEM	PRICE
Decrease Width (DW)	N/C
Decrease Depth (DD)	N/C
Decrease Height (DH)	N/C

INCREASE DIMENSIONS

- Most cabinets can be increased in height, width or depth.
- Specify the largest cabinet size and specify the dimension(s) to be increased.

Example: BR159612
IDIM, Height = 102"

Maximum width of tall cabinet: 36"

Maximum width of base or wall cabinet: 48"

Maximum width of vanity console cabinet: 72"

Maximum depth of wall or tall cabinet: 30" (walls over 15" deep should be anchored through one or both sides)

Maximum depth of base cabinet: 36" (Drawers remain standard 24" depth unless quoted.)

Maximum height of tall cabinet: 120"

Maximum height of base cabinet: 48"

Maximum height of wall cabinet: 72"

ITEM	PRICE
Increase Dimensions (IDIM)	20%

20% up-charge for each modification

INCREASE DEPTH TO 13" (FOR INSET) 12" DEEP CABINETS ONLY:

- INCD13 modification is designed to increase a standard 12" deep cabinet to 13" for use with Inset cabinetry to maintain the interior depth of the cabinet.
- Modification needs to be applied to every cabinet affected.
- 12" x 12" angle and corner cabinets would become 13" x 13".
- Diagonal cabinets remain 24" wide but with a 13" depth.
- Blind cabinets would need to be pulled from the corner to accommodate a 13" deep cabinet in the corner.

ITEM	PRICE
Increase Depth 13" (INCD13)	5%

FINISHED SIDE

- Exposed cabinet side in a matching veneer and finish on the exterior.
- Exposed finished ends are N/C. If a concealed cabinet side is to be finished, an upcharge applies.
- Specify Side (L or R)

JOB SITE DELIVERY FORM

PLEASE FAX COMPLETED FORM TO 1-800-973-1200.
IF JOB SITE DELIVERY FORM IS NOT COMPLETE, THE DELIVERY WILL GO TO THE DEALER'S LOCATION.

☐ BATH ☐ MARKETPLACE ☐ KITCHEN+

DEALER NAME		DEALER CONTACT	
BUSINESS HOURS		BUSINESS PHONE	BUSINESS CELL PHONE
JOB NAME		JOB SITE CONTACT	
JOB SITE PHONE#	JOB SITE CELL PHONE	JOB SITE ADDRESS (STREET, CITY, STATE)	

Please include your job site delivery form with your order. The form must be complete including written directions and signature. If the form is not complete the delivery will go to the Dealer's location. The Dealer will be notified by an acknowledgement as to which week to expect delivery. Bertch drivers will call the Dealer direct a minimum of 24 hours prior to delivery. Type or print specific directions below from the nearest major highway. If you need more room continue on the back of this form.

WRITTEN DIRECTIONS MUST ACCOMPANY ORDER.

JOBSITE DELIVERY FEE \$950 LIST

DEALER RESPONSIBILITY CHECK LIST - ITEMS MUST BE CHECKED-OFF

- ☐ Physically check the job site for accessibility of a 68' Semi Tractor-Trailer. Our trailers require a height clearance of 13'6". (This includes power lines, low tree branches, low overpasses, bridge or road weight or width limits). There must be ample space to turn around (NO CUL-DE-SACS, hairpin curves or extreme grades). We will not travel on dirt/gravel roads. Check for any other obstructions that will cause an accessibility problem.
- ☐ Two able-bodied people must be at the job site location to help unload the products from the trailer to the residence. Our drivers will be responsible for tailgating the products and assisting the Dealer Staff when necessary to unload large/heavy items.
- ☐ Upon Bertch/S.C.B. drivers 24 hour notification of delivery the dealer must make the necessary arrangements with the customer for a timely delivery. If contact cannot be made we reserve the right to return the products to Bertch and reschedule them on our next available truck. Dealer will accept additional charges if driver is not met as agreed and needs to reschedule.
- ☐ Any materials damaged during delivery on our trucks, requiring factory repair or replacement must be noted immediately and returned on the same truck.
- ☐ Upon driver inspection of the actual job site the driver may refuse to make the delivery at the job site if he feels it is unsafe or unmanageable with the consent of Bertch Cabinet, LLC./S.C.B. Fines or charges incurred as a result of a job site delivery will be paid by the Dealer (this includes any towing charges, repairs to low power lines, overweight/over-width restriction fines, damages to property or equipment).

If the above criteria is not met when driver arrives, future job site deliveries to Dealer location will be denied.
The undersigned understands his/her responsibility and acknowledges the conditions of this application.

PRODUCT AWARENESS STATEMENT

DEALER NAME	ACCOUNT CODE	DEALER PO NO.	JOB NAME
-------------	--------------	---------------	----------

As the purchaser of this product, we want you to be fully informed of the characteristics below. We cannot produce the product without these characteristics, therefore it is important that you find them acceptable.

PAINT FINISHES TELEGRAPHING The paint finishes are applied to a solid wood face frame. Oak is an open or coarse grain wood. The grain will "telegraph" or show visibly throughout the finish. Maple is a close or fine grain wood. Some "telegraphing" will occur, though the effect will be subtle. JOINT FRACTURE Because wood is a product which is in a constant state of expansion and contraction, hairline fractures will very soon be noticeable at the joints on the cabinet face frame and doors. These will not weaken the finish, but they will be visible. MITER DOORS When mitered doors are painted, the joints of the miter door will appear as the wood expands and contracts due to normal environmental changes.	GLAZING Glaze is a transparent finish material applied over the sealer which tones the overall appearance and highlights profiles and recessed areas creating an "antique" or "aged" look. This additional finishing step emphasizes joints, character marks and grain areas. A protective topcoat is applied over the glaze, which adds depth to the finish. Natural variations will be apparent on individual parts and within Jobs. SHRINKING AND SWELLING Shrinking and swelling occur as wood changes moisture content in response to daily (as well as seasonal) changes in the relative humidity of the environment to which the wood is exposed. When the air is humid, wood absorbs moisture and swells; when the air is dry, wood loses moisture and shrinks. This is a fundamental law of nature and is NOT a defect in materials or workmanship by Bertch Cabinet, LLC. Doors that swell and rub; center panels of doors that shrink and expose pre-stained areas; and miters that either open to the outside or widen on the inside at the joint are all examples of wood movement due to the consumer's environment. These effects should be minimized by maintaining a moisture content in the home (or, where the cabinets are stored) between 30 and 40% relative humidity (temperature between 50 and 80 degrees F).	WOOD VARIATIONS Some trees vary in color shades of white, pink, green, gray, and black. Some have even grain patterns; others can be quite wild. Some have worm tracks and pitch marks and mineral streaks. Some absorb stain readily; others practically refuse to absorb. Some tend to get darker and some considerably darker (especially Cherry) as time passes. Most combinations of woods and finishes are seen commonly, thus the final look is no surprise. There are a few combinations which are rarely enough seen that most people may be surprised by the aforementioned combination of independent characteristics and their effect on the visual appearance of the final wood product. Please see the Product Awareness Matrix for information on wood/color combinations that should be explained to your customer. CURL & TIGER STRIPE One of the most common figure patterns is curl (Curly). It is also referred to as Tiger Stripe and ripple. Curly is compression grain perpendicularly crossing the face of a board producing alternate stripes of hard and soft board fiber. This phenomenon creates a chatoyancy in the board varying in strength depending on the degree of compression leaving the viewer with the illusion of a three-dimensional surface. Found in Maple and Birch. VENEER DOORS The grain pattern will not always flow throughout the kitchen depending on the layout and length of the run of cabinets. Some species and cuts will be less noticeable than others. Rift cut for example, tends to be a pretty straight grain, so differences in one piece of veneer to the next are much less noticeable. Flat cuts - like walnut tend to have much more variation in the flow and appearance of the grain.	RUSTIC WOODS All natural characteristics of Rustic Woods may be represented in this product which include the following character marks: Solid wood will have character marks such as large knots and wane. Other characteristics include: small pin knots, bird pecks, worm tracks, mineral stain, irregular figures in the grain, cracks that do not hurt the strength of the part, sap wood and cherry pitch marks. Cabinet face frames, plywood returns, Tri Views, Oval Mirror and Medicine Cabinet, Wood Tops, Frieze Valances, Wood Hoods (plywood components, scribe and outside corner molding) will not be rustic. Available Moldings: CM, MCM, PR, FBM-T, FBM-C Not available with solid color finishes due to the nature of open knots not accepting solid color finishes. CLEANING CABINETRY Information on cleaning your cabinets is located on the Bertch website. https://www.bertch.com/support/cleaning-care/
---	--	--	--

The undersigned understands their responsibility and acknowledge the conditions of this declaration and will not hold Bertch responsible for these natural characteristics.

DEALER PRODUCT AWARENESS AGREEMENT

As an authorized dealer of Bertch products the undersigned (representing the dealership) acknowledges the responsibility of explaining, and educating each of our (Bertch) customers in the specific characteristics inherent to the various wood species, wood traits (to include rustic and knotty as well as distressing) and unique finishes available through Bertch Cabinet, LLC. The undersigned understands that as new finishes, traits and wood species become available it is their responsibility to present these new characteristics for these items, as well as any current items available from Bertch.

The undersigned agrees not to hold Bertch Cabinet, LLC. responsible if a customer has not been made aware of the unique characteristics of the properties of their specific project, if those characteristics are within the standards established by Bertch Cabinet, LLC.

The undersigned must be either an Officer or Principal of the dealership. The undersigned understands their responsibility and acknowledges the conditions of this declaration, and will not hold Bertch Cabinet, LLC. responsible for these characteristics.
