rdi
RAILING

Take hold of extraordinary

RDI® Railing is a premium railing brand offering unique features aimed at enhancing the look and livability of any home, all while delivering dramatically simplified installation. Available in a wide range of materials, designs and profiles, RDI Railing is a leading innovator in outdoor and indoor railing products. Featuring more than 20 patents and with more than 30 years of industry experience, RDI products deliver the versatility that brings your vision of home to life.

Table of Contents
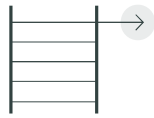

Available in pre-assembled kits that can install 38% faster than the leading competition*, Elevation Rail requires no special tools or fasteners and features the OneTen™ built-in tensioning control system. With pre-strung cables and adjustable panels that span up to 6' wide, Elevation Rail offers unobstructed views and a continuous top rail for both level and stair applications.

OneTen™

The OneTen built-in tensioning control system eliminates the need to tension each cable individually and decreases the need for seasonal adjustments.

- Easy to shop with fewer SKUs to order

- Available in pre-assembled kits with pre-installed brackets and pre-strung stainless-steel cables

- Premium powder coating on aluminum framing meets or exceeds AAMA 2604 specifications

- Transferable Limited Lifetime Warranty on aluminum rails and posts and Limited Warranty on cable fittings
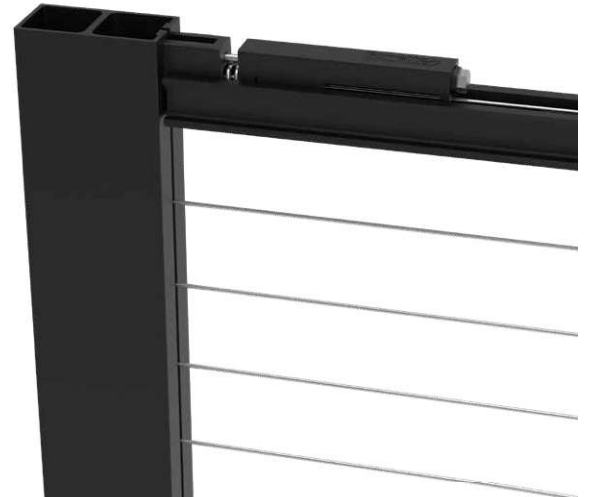

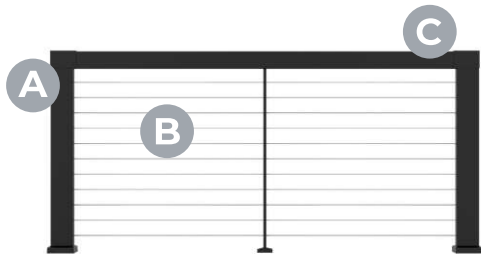

Matte Black

Based on a 12' x 18' deck with 8 posts and 7 panels (Elevation Rail installed 49 minutes faster than competitive cable railing install of 129 minutes).

Elevation Rail in Matte Black.

How to Shop:

Level Rail Panels

Stair Rail Panels

A Pick Your Posts

Privacy Rail with Matte Black Rail Kits, White vinyl infill boards and
Boardwalk Decorative Screen Panels in White.
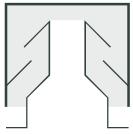

Privacy Rail provides a contemporary and modern look for decks or patios while offering the option of increased privacy for outdoor spaces. Powder coated aluminum framing provides strength and stability while a selection of vinyl infill boards lock securely together using our patented ClickConnect™ technology.

ClickConnect™

ClickConnect is a patented connecting system that locks vinyl infill boards tightly together to create a railing panel that meets code compliance.

- Premium powder coating on aluminum rail kits and posts meets and exceeds AAMA 2604 specifications

- Advanced weather testing, including 10,000 hours of salt spray testing

- Vinyl infill boards lock securely together and fit tightly in post channels

- Adapter kit available to add Decorative Screen Panels to framing

- Assembled in the USA with Transferable Lifetime Limited Warranty

Avalon Aluminum Railing®

Avalon Aluminum Railing in Matte Black with Tristan top rail and Cable Infill.

Rust-resistant Avalon Aluminum Railing provides style, versatility and safety. The pre-assembled rail panels feature ProLock® locking strips that are designed to hold balusters securely in place. The ultimate in customization, Avalon Aluminum Railing offers three top rail options, including an adapter piece that easily creates a distinctive 3 rail design.

ProLock®
ProLock is a locking strip that secures railings by connecting them from the inside out to provide a clean design.

- Our cable rail infill option provides unobstructed views

- Unique horizontal rod rail design provides open views

- Panels with square balusters come pre-assembled

- Premium powder coating on aluminum framing meets and exceeds AAMA 2604 specifications

- Advanced weather testing, including 10,000 hours of salt spray testing

- Assembled in the USA with Transferable Limited Lifetime Warranty

Level Brackets   Level Angle Brackets   Stair Brackets
(0 to 38 Degrees)   Fixed Angle Stair Brackets
(29 to 35 Degrees)

Brackets shown with Pellinore top rail and top rail end cover. Fixed angle stair brackets not available for Oberon.

Typical new stair construction utilizes a 7" rise and an 11" run which results in a 32 degree stair angle.

Accessories	
Description	
BracketPro™ Installation Jig – for use with 2", 2½" and 4¼" posts	73053555

Easily locates holes on posts to install brackets and provides level railing without having to measure or center brackets manually.
For use with 2", 2½" and 4¼" posts.

With 2" Over-the-Top posts, BracketPro can be used to locate the bottom brackets only.

Transform®

Transform railing in Satin White with square balusters and Aspire top rail.

Transform Composite Railing has the look and feel of a wood railing, but provides superior resistance to moisture, mold and warping. Made with Composicore® — a material that contains no wood or organic fibers — Transform features a lightly textured, durable finish.

Composicore®

Composicore used in our railing products, contains no wood fibers, making it water resistant meaning it will not rot, splinter, warp or stain and is resistant to mold — keeping your railing beautiful for years to come.
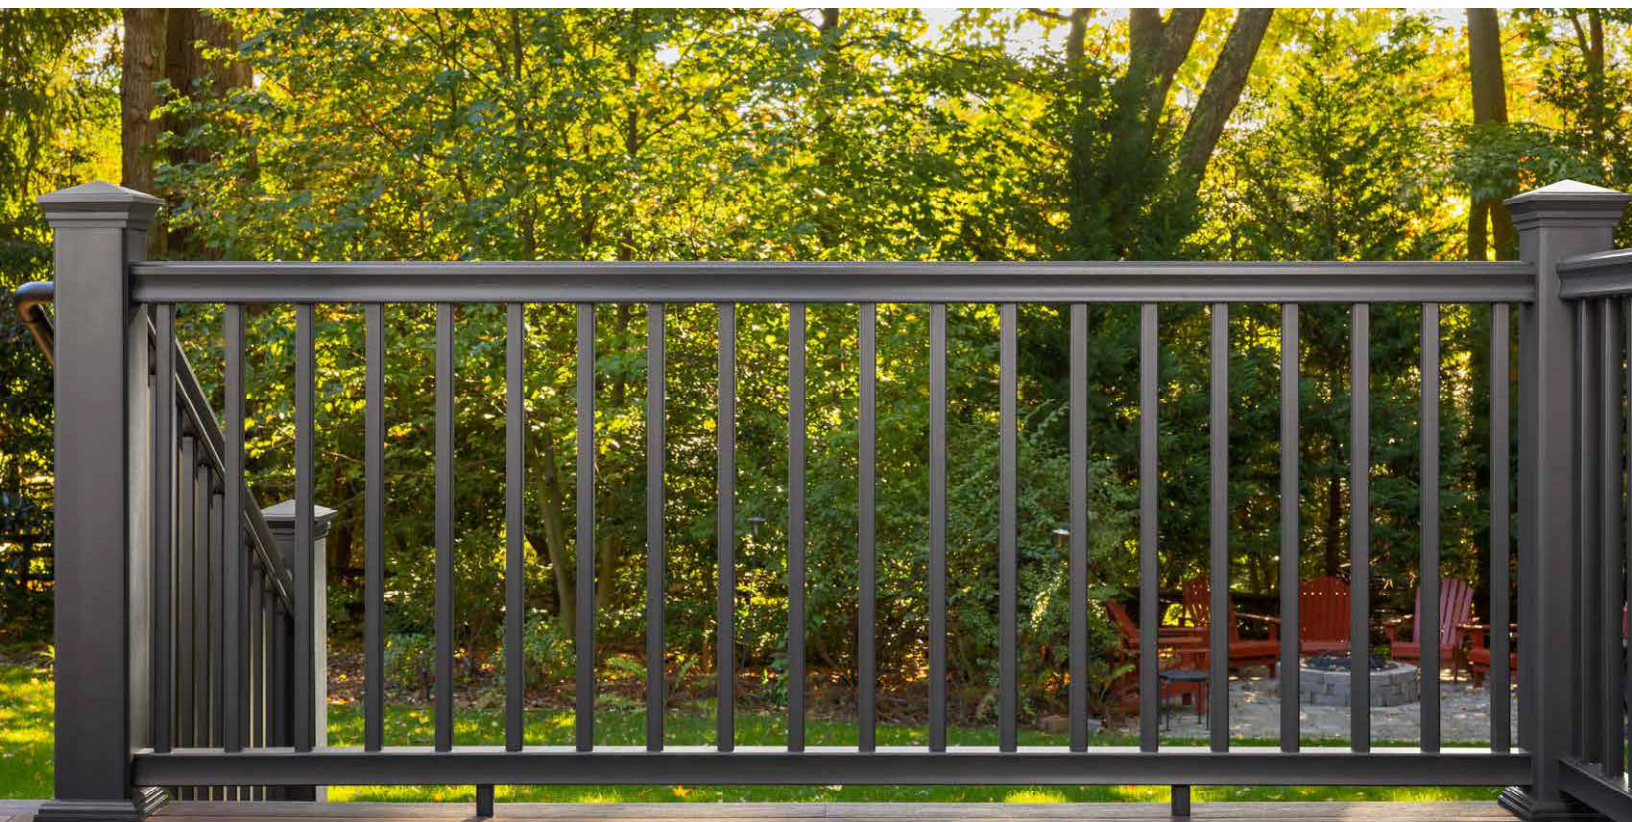

- Does not warp, splinter or rot — easy to maintain with long lasting color retention

- Universal bracket for level, stair or angled applications

- Mix and match with aluminum or steel railing for custom look

- Hidden brackets provide a clean, finished look

- Made in the USA with Transferable Limited Lifetime Warranty

Bella Premier Series

Bella Premier Series railing in White with square balusters.

Bella Premier Series Composite Railing is made from Composicore® — a material that contains no wood or organic fibers — and provides superior resistance to moisture, mold and warping. It features a vinyl cap with a smooth, durable finish for long-lasting appeal. Bella Premier Series offers a deck board adapter that creates a flat "cocktail rail." Brackets conceal fasteners for a clean finish and multiple infill styles are available.

Composicore®

Composicore used in our railing products, contains no wood fibers, making it water resistant meaning it will not rot, splinter, warp or stain and is resistant to mold — keeping your railing beautiful for years to come.

- Does not warp, splinter or rot — easy to maintain with long lasting color retention

- Innovative dovetail level rail brackets allow for easy assembly

- Bracket design hides unsightly fasteners to provide a clean, finished look

- Deck board adapter easily creates flat, "cocktail rail"

- Made in the USA with Transferable Limited Lifetime Warranty

Finyl Line™

Finyl Line railing in White with black round aluminum balusters.

Finyl Line Vinyl Railing is easy to install and is reinforced with strong aluminum — designed to provide added safety. Choose from a traditional T-Top style or Deck Top profile to add a deck board to and create a flat "cocktail rail". Available with three baluster styles — square, turned or black round aluminum and a Decorative Screen Panel* infill option.

*Decorative Screen Panels sold separately.

- Decorative Screen Panel infill option offers increased customization

- Deck Top rail allows for deck board to be easily turned into a flat "cocktail rail"

- Brackets conceal all fasteners — providing a clean, finished look

- Made in the USA with Transferable Limited Lifetime Warranty

Vinyl ADA Handrail

Vinyl ADA Handrail in White.

Vinyl ADA Handrail is a code compliant graspable handrail that provides added safety and security to stairs and ramps. Featuring versatile components and metal-to-metal connections for maximum strength, this system can be joined in many different configurations.

- Metal-to-metal connections for maximum strength

- Versatile components that can accommodate angles up to 90 degrees

- Code compliant and easy to maintain

- Transferable Limited Lifetime Warranty

White

How to Shop

A   ADA Handrail lineals are available in multiple lengths as well as a 180 degree return loop to meet ADA graspability requirements.

B   Internal adjustable joiner allows you to create the angle you need from 0 degree to 90 degrees.

C   Mounting brackets attach to your wall or rail posts to support Handrail lineals. Returns terminate the lineal to your wall or post.

D   Complete your install with accessories like the Handrail end cap to hide lineal ends for a finished look.

Decorative Screen Panel Frame Kits without Posts and with Sanibel Decorative Screen Panels in Black.

Perfect for smaller spaces, the 8' x 8' aluminum Pergola is a modern twist on traditional wood pergolas. Offering both form and function along with creating a unique outdoor living space for entertaining, dining and outdoor movies. Easy to assemble and install, the Pergola features a durable premium matte black powder coat that requires minimal maintenance. Pergola can be customized by adding any of our 2' x 4' Decorative Screen Panels (DSPs) to the roof, providing both privacy and shade. For additional privacy, an optional Side Wall Kit — featuring a rail that allows four DSPs to easily slide in — can be installed at any height.

- Easy assembly and installation

- Modern design, perfect for smaller spaces

- Durable premium powder coat requires minimal maintenance

- Customize by adding 2' x 4' Decorative Screen Panels as a roof or side walls

- Limited Lifetime Warranty

Lattice

Lattice panels are the perfect way to add privacy and conceal unsightly outdoor areas. Easy to maintain and install, durable plastic lattice is resistant to termites and other wood-eating pests. Lattice maintains its classic look without the need for sanding, staining or painting. Available in classic diamond, privacy diamond, privacy square and contemporary patterns.

- Low-maintenance

- Impact resistant plastic

- Matching screws, cap, molding and divider molding available

- Resists warping and twisting

- Made in the USA

- Limited Lifetime Warranty
